Sure wealth to Estancieros

By the Robert Apparatus.

Being notorious the immense injury
occasioned by the scarcity of water
during the long (seea) that afflict the
camps of Buseno Ayres, I have determined to dedicate to the Estancieros
an Apparatus at o.cc simple and intallible for procuring as much water as
120 Bordunests per pour (it seems
fabulous) is procured with my appacutus, without fear of at any time its
getting out of order.

This machine is worked by one horse
and in one day's work can give -4:
Borduleza; that is to say, sufficient
water for 20,000 head of cattle.

By these figures can be calculated.

Lancier advantaging is the facility of

Another advantange is the facility of putting it together and taking it to pieces, so as to be able to transport it to any place where it may be necessary to use it, eiter for watering purposes or others.
