SOUTOR'S TABLE

The Mersey leaves to day, and takes a very heavy mail, besides several well-known foreign residents (not accidents), who are returning to their native land for a few months.

A robbery took place on Monday night, in the house of the Juez de Paz, in Calls Suipscha, No. 70. The robbers stripped the house of almost everything which they could conver insently remove. We have not heard if the robbers have been arrested, One of the most efficient police offi-

This officer called on us yesterday, and gave us the most gloomy picture of the latate of the Policia; in fact, robbers are increasing in this city, and the polices are becoming worse and worse daily.

The 'Liberal' of Tucunaan gives an samusing account of the indignities and insults offered to Major Alfaro-wheh taken prisoner by the victorious party, in command of the Federal garrison at Salts, and aided the Uriburu faction in their (ins]namous coup d'ext.
