OUR STANDING ARMY

It is the fashion to suppose that only in the decayed monarchies of Europe a standing army is required...

The military profession has been signally degraded by making our frontier service a Clones Maximus for the crime of our society...

It remains to be solved, how we can dispense with the citizen soldier, and provide an adequate standing army for the frontiers...

It will not be considered an aspersion on Argentine arms if the one-fourth number of French soldiers will be more effective than any native force...

Let us hope that the penal system will be entirely divorced from the army...

It might be introduced, and drunken soldiers allowed to roam about the streets...

EDITOR'S TABLE

The regiment from Rosario, the first of the line, arrived in town yesterday morning...

Some very serious rumours are current through town, which at present it would be rather premature to publish.

The news from the Banda Oriental, respecting the drought is of the most alarming nature.

One of the greatest novelties of the day is that an American gentleman has taken the wager published in the 'Tribuna' of \$80,000 against \$20,000...

The non-arrival of the 'Saintonge' left the city rather severe of news yesterday.

An authentic account of the lamentable accident which occurred on the Northern Railway will be found in another column.

The Salt arrived from the Uruguay yesterday, but brought very little news of importance.

We notice that Dr. Mangouillat is about to publish a local reporter monthly.

The heat that to-morrow the 2nd of the line will arrive from Martin Garcia, to be quartered in town...

FRIGHTFUL COLLISION

On Thursday last one of the most lamentable cases of collision, between a sailing vessel and a steamer, ever known in the Plate, occurred in the river in front of Buenos Ayres.

From statements before us we must certainly doubt against the brig, as it appears the captain of the steamer.

The steamer 'La Argentina' had been blowing at a slow steady rate, with only slight ebbs...

It is estimated that 1,300,000 Acres of the bog and waste uncultivated might be reclaimed, and made to pay.

It is evident from these figures that Ireland, for fiscal purposes, is badly worked, and like one of her own negroes...

LATEST FROM RIO NEGRO

The 'Eco' of Thursday gives a lamentable account of the new affliction which has befallen that part of the country...

It is evident from these figures that Ireland, for fiscal purposes, is badly worked, and like one of her own negroes...

The second fact is a necessary consequence of the first. Ireland is poor because her resources are undeveloped...

As regards the third fact, the drain of emigration causes an increasing poverty.

On Thursday evening a dinner was given in Cleary's (late Gracie's) hotel to a number of gentlemen connected with this city...

For Immediate Sale. The five large commodes have 10 rooms all papered, 8 rooms have carpeted floors, and 10 rooms balconies...

It has been officially ascertained that up to the 1st of January of this year the Northern States have sent 247,247 men into the field. New York alone contributed 222,831. This year, as I wrote in a former letter, Mr. Stewart, Governor of the State of New York, has issued 5,000 commissions for officers from January to August, notwithstanding all this, we hear that the contingent for this State alone in the new call will be what is due to make up for previous shortcomings...

It is a remarkable fact, the cause of which has never been accounted for, that if a named bird from a market straight up into the air, it can never be found again. Something as strange happened the other day, on the Northern Railway. One of the telegraph posts was struck with lightning and torn out of the ground. That post has disappeared and cannot be found.

SAVINGS BANK.
BANK MAHA & C^o
 No. 103 calle de Cangallo.

BUENOS-AYRES.

The immense advantages of *Accounts Current* are now generally felt, and appreciated in the two great capitals of the River Plate—Montevideo & Buenos Ayres—thus there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Maha & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings.

Who sums deposited in that most important institution are daily increasing and already reach a very large amount.

These advantages have now hitherto been enjoyed in this city by an immense number of Clerks, artisans, and other classes, who are equally interested in putting their savings out at interest, thus providing themselves with a *reserva* for the case of sickness or old age, instead of surrendering them in the immoral gambling, in lotteries and other frivolities.

The Bank of Maha & Co. of this city following the example of their Montevideo branch, has now opened its doors.

Buenos Ayres September 19th 1883.
