THE 'PROGRES' QUARTER.

Our French colleague at times falls into the error which was set down as characteristic of the 'Standard' for its outset, viz. forgetting that it is not prudent to tell the truth on all occasions.

The 'Progres' is a weekly journal, the question of decisions that we anticipated a difficulty would arise, and now we see a hundred wrong and disappointed creditors all bent on exterminating this son of Gaul.

Mr. Llanos furnished lodging-house, L'Universelle, is the finest. We have seen on Buenos Aires, the apartments are beautifully furnished, and quite on a par with a Paris; we understand there is not one vacant.

EMPEÑO'S TABLE.

The opera was put off last night, owing to Mme. Briot's slight indisposition. We have not been informed when we shall be favoured with a repetition of 'Norma'; but the 'Ballo in Maschera' will be given tomorrow night.

The excessive heat continues unabated. After Carnaval it is generally cool, but this year is early, and we shall probably have to suffer another month of Paraguayan weather.

THE BARRIBEN OF VILLA MERCEDES.

There is a conspicuously new class of our society more useful than the Irish sheep-farmers, nor any which pays so heavy a quota to the public revenue, or has tended more to enrich this province by developing its splendid resources.

Why the assassin Jose Oscar murdered Killy and his son in day-light, at their own fancho, without offering any resistance, the authorities seemed to take no heed of as shocking a crime, and the murderer went unpunished.

The latest accounts of Flores are, that he has retired only three leagues from Montevideo. The rumor that he had to leave the city was slightly premature. It is said an officer was shot for trying to pass over from the Government side.

We learn that those of the club who feel themselves abused to, are greatly annoyed with General Mitre, and regard the attack as semi-official. This is absurd.

We publish a contract for making Artisan wells in Rioja. Why the patriotism of the 'Progres' has been so close, we don't know. The effort to close the Barracas is a lighter house was unsuccessful, but we should think the money would have been better spent in purifying the killing-grounds of Rioja.

The 'Tribuna' has been caught tripping by our Havana colleague, and takes a little excess, which gives us a constant with Mr. P. V. has made a contract with Mr. Perkins to extract the money value of the Barracas, in return for a concession of acknowledgment.

MESSEAS WELLS.

A contract has been entered into between Government and Messrs. A. Sordeaux and Co. for the construction of certain wells in the province of Rioja, and the sum of twelve thousand dollars in Road and Bridge Bonds has been ordered to be issued.

A person just arrived from Carmelo represents that part of the neighbourhood is rather disturbed. This week the inhabitants are alarmed by groups of rebels, the next by the Government troops; the latter are accused of robbery and other crimes, but the former are said to respect foreigners' property.

The Chesapeake (s) has been recaptured by the Federals. Batavia, Nov. 14.—The Confederate war-steamers Alabama is cruising between Nicholas Point and North Island, or right across the Straits of Sunda, and completely blockading them.

FEDERAL AND CONFEDERATE CRUISE.

THE FLOREY LAND.

The five men who were brought home from Monte Video in the Brazil mail steamer Parana, and landed at Southampton, with the murder of the ship Florey Land, and scuttling the vessel, were taken before the South Sea Island magistrates on Monday for examination. There are in all ten of the crew implicated in the crimes, five of whom, with two witnesses, were sent away from Monte Video in the steamer Gregory for Liverpool, and the other five, also accompanied by two witnesses, came home in the Parana.

LOCAL EVENTS.

'All going well'—Will which the police believe the disturbance was hardly known, and carried down the streets at full speed through the streets? Two days ago a cartman was driving his cart, as fast as the horses could leg it to the ground of Calle Sarandí; a vigilante was passing at the time, and evidently thought it was no business of his to interfere.
