All that we can say is that we are not in a hurry to publish...

SATURDAY, FEBRUARY 28, 1864.

SEIGE OF CORDOBA

Governor Manabien accused of Assassination.

The 'Ferro-Carril' brings dates from Cordoba, 18th inst. Colonel Alvarez who is said to be following Gen. Paganio's orders...

Some of Ferreira's enemies now support him, rather than suffer themselves to be trampled on by his new pretence...

Private letters from Buenos Aires confirm the account of Gov. Manabien's attempt to assassinate Senator Moreno...

We have news from Huelva, Feb. 12, things are going on badly, no scruples held to carry the late Cortes...

From Rosario we learn with satisfaction that two of the assassins who perpetrated the tragedy at Corrientes...

AN ARGENTINE EXHIBITION

The 'Ferro-Carril' of Rosario, in an article suggesting the holding of an Argentine Exhibition...

It could send wheat, flour, wool, hides, medicinal herbs, 'mani,' sweetmeats, and preserved fruits...

From Corrientes, timber, canvas, harness, silks, and various other things...

San Luis could send some minerals, hides, and a very superior class of wool...

Mendoza and San Juan. As the products of these provinces are the same...

It produces in great quantities, fruit, wine, and honey. Amongst its natural products are gold, silver, copper, lead, iron, gypsum...

It possesses inexhaustible silver mines, mines of sulphur of lead, and the gold mines worked by the old Spaniards...

The wines and aguardientes of Catamarca are as famous as those of La Rioja. This province also produces madder, and fine wool...

Santiago would supply hides, wool, valuable textures, and many natural products. Salta and Jujuy would not be left behind in this amicable struggle...

STATE OF THE INTERIOR

(From the 'Ferro-Carril') With the exception of Cordoba and Catamarca, all the provinces are enjoying a profound peace...

The people are quietly enough disposed, are plunging the province into all sorts of difficulties.

We cannot say just what degree of truth there may be in what they say of the participation that General Paganio, an officer in the national army...

The two factions of the liberal party in Cordoba, we are sorry to say, have passed from paper and wordy warfare to blows, and blood has already been spilt.

The National Government is laboring hard to establish good roads throughout the country, and many of the provinces are assisting in the good work.

It is to be hoped that President Mitre will get out of this scrape by taking the province of La Plata as his base.

NOTES TO THE PROTESTANT APPEAL

(1) It is only as a mercantile speculation that the province of La Plata can be pronounced a failure...

From its debris has sprung up a model farm in the neighbourhood of San Isidro, which may be seen the most modern and approved system of husbandry...

The preceding of the Rosario Custom-house in the last year amounted to \$1,850 for articles shipped from this port...

PARAGUAY AND LA PLATA

At a time when daily experience shows us the rottenness of our present system of Government in B. Ayres...

Belgium is at once the country which has most progressed of late years, and that with which we carry on the largest export business.

"Our attention is constantly turned, with a feeling of sympathy, towards the River Plate, where our commerce might be greatly developed...

"Mariano Paraguay thanks to a wise Government and docile people remains in the enjoyment of peace, a blessing unknown to her neighbors...

"The rebellion of Flores brings Paraguay still more prominent as a potentiality was despatched from Montevideo to Asuncion...

"It is to be hoped that President Mitre will get out of this scrape by taking the province of La Plata as his base...

"The Mersey steam-packet met with an accident about an hour after leaving this port on Friday evening...

EDITOR'S TABLE

The news from the interior, per 'Pavon,' is rather alarming. Cordoba besieged by 600 men under a hero named Alvarez...

We have received a sample of this year's cotton from Corrientes. It has a longer and stronger staple than of Corumbi...

The 'Ferro-carril' states that Gen Lopez will be proclaimed Emperor of Paraguay on the 30th inst. also that most of the new nobility are unmarried...

The Minister of Education publishes a new programme for the Universities of Buenos Ayres and Cordoba, and College of Concepcion...

Dr. Wardlaw of Glasgow. In this case the claims are more direct and personal, for no one can question the propriety and expediency of showing due respect to the remains of a gallant officer...

"To the deceased it may matter little where their bones moulder; but to families, near relatives and friends, the case is very different."

"After our rulers and statesmen, the landed proprietors are the parties most interested in foreign immigration."

"The rebellion of Flores brings Paraguay still more prominent as a potentiality was despatched from Montevideo to Asuncion..."

"It is to be hoped that President Mitre will get out of this scrape by taking the province of La Plata as his base..."

THE JELUM CASE

To the Editors of the Standard. I have perused in the 'Standard' of this morning a paragraph concerning the Jelum, stating that one of the lightermen got hurt...

We have received a sample of this year's cotton from Corrientes. It has a longer and stronger staple than of Corumbi...

The 'Ferro-carril' states that Gen Lopez will be proclaimed Emperor of Paraguay on the 30th inst. also that most of the new nobility are unmarried...

The Minister of Education publishes a new programme for the Universities of Buenos Ayres and Cordoba, and College of Concepcion...

Excuse the little suggestion of a Usk-Up Clerk, February, 1864.

The officers dismissed from their several battalions by the Provincial Government are as follows:—Colonel Gavieles, L. Col. Gilvan, Major Donato Alvarez, Major Casanova, L. Col. Onda, L. Col. Lucena...

"Our attention has been called to some grumbling by active passengers against the cabin of the 'Esmeralda'..."

"The Corrientes Yerba Company held a meeting on the 15th inst. when the new Regulations were passed and the following officers elected: President, W. Thompson, Esq. Vice, D. Mariano Casares..."

"We invite Irish residents to attend the meeting at this office on Monday evening, the 28th inst. at 8 o'clock..."

NOTES

We published yesterday an appeal to the Protestant community, the sequence whereof appears to-day. By mistake the signature 'Scott' was omitted, making it appear an editorial, which it was not, although we coincide in its purpose."

The sailing of the La Plata steamer is unavoidably postponed until 14th March, owing to the heavy weather and the 'leptor state of the Boca preventing the lighters with cargo getting out..."

SAVINGS BANK
BANK MAU & CO.

The immense advantages of *Accounts Current* are now generally felt, and "precipitated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence.
 The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings.
 The sums deposited in that most important institution are daily increasing and already reach a very large amount.
 These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a *reserva fund* in case of *need, sickness or old age*, instead of spending them in the immoral gambles, in lotteries and other trifles.
 The Bank of Mau & Co. of this city following the example of their

firm in Montevideo now offer the same facilities in this city and will open on the 1st October a "Savings Bank" No. 103 calle Cangallo, from 9 a. m. to 3 p. m. on week days, and on Sundays and holidays from 10 a. m. to 12 m. for the reception of the savings of the classes already mentioned.
 The Bank will deliver to each depositor a *Pass Book* in which will be entered the amount deposited and withdrawn.
 The depositor is permitted at any time to withdraw the *whole or part* of the sum deposited, in the former case the interest will be calculated up to date.
 The Bank of Mau & Co. is sufficiently known to the public by the benefit derived from the course of its operations which are regulated on the most correct and soundest principles and all are directed to promote the general welfare.
 The Bank of Mau & Co. are assured that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighborhood.
 Buenos Ayres September 19th 1865.

ENGLISH GRAMMAR SCHOOL,
CALLE LAIGA DE BARRACAS

Dr. P. FONGERRARD, of the London Foreign Language College.
 This Establishment, which from its foundation has been patronised by the principal British families of Buenos Ayres, is now re-opened on an English plan. There is a sound commercial education combined with the acquisition of the French and Spanish languages is important to the pupils, and based upon the same system as in all first class European institutions of the kind.

An over-sightful and constant supervision, and a strict maintenance of order and propriety, are a sufficient guarantee that the morals and behavior of the pupils are carefully attended to.

The different branches taught in the English Grammar School comprise: English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Book-keeping instruction.
 Extra branches, such as Latin, Mathematics, German, Music and Drawing, may also be taught by special contract.

The situation of the English Grammar School, in one of the most delightful parts of the Calle Laiga de Barracas, at an airy part of the city, is one of the most beautiful and picturesque of the environs of Buenos Ayres.
 For particulars apply for prospectuses at the Standard Office, Calle Belgrano 71.
