SAVINGS BANK
BANK MAU & CO.
 No. 103 calle de Cangallo. —
BUENOS-AYRES.

The immense advantages of accounts opened in this bank are now so generally felt, and appreciated in the great majority of the Rio de Janeiro—Montevideo & Buenos Ayres—that there are very few merchants who fail to keep one in the bank in which they place their most confidential funds.
 The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, a safe and profitable depository for their savings.
 The sums deposited in that most important institution are daily increasing and already reach a very large amount.
 These advantages have now likewise been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness or old age, in lieu of spending them in the immoral gambling, in lotteries and other frivolities.
 The Bank of Mau & Co. of this city following the example of their Buenos Ayres September 19th 1863.

ENGLISH GRAMMAR SCHOOL,
CALLE LARGA DE BARRACOS

Doct. Mr. Ponzanard, of the London University College.
 This Establishment, which from its foundation has been patronized by the principal British families of Buenos Ayres, is an exact reproduction of an English School, where a sound commercial education is combined with the acquisition of the French and Spanish languages (is imparted to the pupils, and based upon the same system as in all first class European institutions of the kind.
 An ever-studious and constant supervision, and a strict attendance of order and propriety, are a sufficient guarantee that the morals and behaviour of the pupils are carefully attended to.
 The different branches taught in the English Grammar School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Italian instruction.
 Extra branches, such as Latin, Mathematics, Geometry, etc and Drawing, are also taught by special masters.
 The situation of the English Grammar School in one of the most delightful quarters of the Calle Larga de Barracos, at the very gates of the city, is one of the most beautiful and picturesque of the suburbs of Buenos Ayres.
