ON CHANGE. April 1st. Things were very dull on the Bolsa to-day; the ounce brokers are positively doing nothing, and a sort of universal apathetic atmosphere pervaded the patron establishment of Buenos Ayres.

Patrons opened and closed at 29 30 Cash sales \$22,384. For the end of the month 39,000 at 29 30. Total sales of the day 11,283.

It may be worthy of notice that to-day whilst patrons were selling for cash at 29 30, they sold for the end of the month at 29 33, which shows clearly that there is a belief that ounces are going up.

Our remarks on the monstrous valuation, by the Provincial Government, of real property in the camp, caused a good deal of attention. The fact of the matter is, that people are beginning to open their eyes to the facility with which Government, without increasing the rate, augments the taxes. The valuation of property in some of the partidos is an monstrous, incorrect, that the Minister should have passed before he published such a book as that of the 'Contribucion Directa.' The city valuation we have not yet seen, but hope it will be less objectionable than the camp.

Ounces are very scarce, and cannot be had at a less premium than a dollar to 12 rls per.

BUENOS-AYRES.

The immense advantages of Accounts Current are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.  
The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, a safe, profitable depository for their savings.  
The sums deposited in that most important institution are daily increasing and already reach a very large amount.  
These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness or old age, instead of spending them in the immoral gambling, in lotteries and other frivolities.

**ENGLISH GRAMMAR SCHOOL,**  
CALLE LARGA DE BARRAOS

**Don—Mr. Pongeraud,** of the London University College.  
This Establishment, which from its foundation has been patronised by the principal British families of Buenos Ayres, is an exact reproduction of an English School, where a sound commercial education is combined with the acquisition of the French and Spanish languages is imparted to the pupils, and based upon the same system as in all first class European institutions of the kind.  
An ever-watchful and constant supervision, and a strict maintenance of order and propriety, are a sufficient guarantee that the morals and behaviour of the pupils are carefully attended to.  
The different branches taught in the English Grammar School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Religious Instruction.  
Extra branches, such as Latin, Mathematics, German, Music and Drawing, are also taught by special masters.  
The situation of the English Grammar School, in one of the most delightful Quintas of the Calle Larga de Barraos, at the very gates of the city, is one of the most healthful and picturesque of the environs of Buenos Ayres.
