THE FLORES BANDITS.

A band of 80 men, well armed and equipped, under the command of a retired officer of the Buenos Ayres army, according to our information, regularly enrolled for active service on all the highways leading to the capital: its headquarters is in Flores.

The Chief of Police good soul, laughs at the credulity of people who read the Standard. President Mitre has his concerns of state to look after in town, and family cares in San Isidro.

Meantime these outrages are committed so openly, that we should at first suppose they had the tacit approbation of some persons high in authority, who derived a percentage from the black mail.

It is most disgraceful and unfortunate that a small army of freebooters should establish itself at the gates of our city, and that both the National and Provincial Government should be powerless to repress them.

The domain of human form, whose iniquities we have related, is waiting his opportunity for release, and yet, ready, good, as well as we, pay a Government to maintain order and vindicate justice.

DETENTION AND RELEASE. Mr. Flores is rotting in prison, for having shot a gaucho after the ruffian had stabbed him.

- 1. Man murdered on the Caballito road.
2. Two milkmen stripped near Flores.
3. Two estancieros dismounted and robbed.
4. Sr. Riestra's quinta fired into.
5. Sr. Lanuz's quinta attacked.
6. Dr. Eguia, chased near Flores.
7. Gentleman and wife robbed.
8. Man waylaid at Almagro.
9. Two boys robbed of hides.

A TALE OF BLOOD

If our readers will, for a moment accompany us to the Carcel, we will unveil to them one of the most hideous tragedies and its hero, that have occurred since murder set its gory stain upon this country, without an avenging justice to purge away the same.

About two years ago a Basque servant girl was employed on an estancia a few leagues south of this city, and it chanced one night that the owner was absent, and only the capataz to keep her company.

Subsequently, it was ascertained the strange visitor had just fled from Lolos, after committing two barbarous murders, and betook himself to the Fortin de Areco, his native district.

The assassin coolly walked out, with the knife dripping blood, the girl rushing from the door to raise an alarm. An officer, with two soldiers, happened to be in the town, and he at once sent his men in pursuit, telling them to take the murderer, or answer with their own heads.

A few days ago one of the Basque sisters had occasion to visit some one confined in prison, and what was her horror to see the assassin, who has already murdered four persons, still enjoying the light and air of Heaven!

Last month six notorious murderers escaped from our city prison, and are probably now a part of the Flores banditti. A week later it was found a great hole had been bored in the wall, to permit a wholesale good delivery.

Notwithstanding the advertisement in another column, there are sundry rumors that the Glee Club cannot meet on Monday evening, owing to the sailing of French packet.

Mr. Harrett has favored us with samples of cotton ripe in his quinta: the fibre is beautiful and decided by a Manchester friend as of superior quality.

On yesterday the prison doors were thrown open to a desperate character, who stabbed the German ostrich-egg seller, some months ago.

We believe the alcalde and his gang whom Burnengo accused of shooting at and wounding him, for refusing to sell two dozen of beer on credit, were all suffered to go scot-free, without trial.

Good God! and this country claims to be considered civilized. No wonder we have all the maledictions of Heaven daily and hourly afflicting us, as they did Solon and Gomorra.

EDITORS TABLE

The barque 'Jh-lun' is at last almost discharged, only about one ton of coke being now on board.

Mr. Wells (improperly called Janks by the native papers) will exhibit his balloon in Colon theatre on Sunday: admission \$5.

We have been requested to do an act of justice to the rebels of Pando Oriental, by testifying their generous assistance to save the cargo of the Royal Dane, wrecked near Cape St. Mary.

There are stories current about town respecting the late shipment of arms on board the Salto, for Flores' troops. It seems the Englishman, Mr. Oliver, came to this city procured large military supplies and landed same at Fray Bentos.

On last Sunday night some gentlemen in the Plaza Victoria were shocked at a repetition of those police outrages in our public thoroughfares.

On Thursday evening a gentleman was conversing with some friends on the Mole, when three fellows came close and one of them attempted to pick his pocket.

The Nation Argentina calls us to account for defending the Northern Railway; but we only mean to clear it of the aspersion of sending troops of men to vote at the elections.

Mr. Harrett has favored us with samples of cotton ripe in his quinta: the fibre is beautiful and decided by a Manchester friend as of superior quality.

Among the stories current about the fugitive M. Caumontin, it is said he disappeared from Rio Jenero in a similar manner some 30 years ago.

STATE OF ALARM

A few days ago we mentioned that ariego, the editor of the 'Uruguay,' had published an article in his own paper, informing his respected subscribers, and the public in general.

Yesterday, the 'Tribuna' of our city, complains that a letter-box, which was placed in its office for the benefit of anonymous correspondents, is filled with documents threatening murder, arson, turning the press into the street, &c.

We, ourselves, have received an intimidating epistle from some one in the camp, and the following is a copy: 'If you don't get your valuable newspaper the Standard, delivered more regularly in the camp, we'll all go mad; we have not seen the Standard for two weeks.'

To prevent surprise, we have stationed two boys at the corner of the street, in order to warn us of the approach of any fierce-looking sheep-farmers, who may seem not to have received the Standard for two weeks.

THE NEW MUSIC-HALL.

On yesterday the contract between the committee and architect was signed, for the construction of this projected theatre, so much wanted in Buenos Ayres.

The Music Hall will cover a superficies of 90 feet by 42, and hold from six to eight hundred seats. The architects, Messrs. Hunt and Schroeder, are well known for several splendid edifices with which they have adorned our city.

The commander in Mercedes has proposed to supply the garrison with beef, yerba, tobacco and sugar, at a lower price than the huxters' charge. Up to the 7th inst. there was little of importance in the quarter of Rio Negro.

NEWS FROM RIO NEGRO.

The commander in Mercedes has proposed to supply the garrison with beef, yerba, tobacco and sugar, at a lower price than the huxters' charge. Up to the 7th inst. there was little of importance in the quarter of Rio Negro.

On the 12th of April 1862, three more lines were erected by virtue of a contract with the Government of Para for the steam navigation of that province.

BARON MAU'S STEAM NAVIGATION OF THE RIVER AMAZON.

Though subsidized by the Imperial Government, the career of this company was for some years far from being prosperous, and the perseverance which has been displayed in overcoming the serious obstacles which from time to time have opposed themselves to the successful prosecution of its operations cannot be too highly praised.

Importance being attached by the commercial public to the protection of trade marks, not too frequently fraudulently imitated, it is of interest to notice that an interlocutor has been obtained in the law courts of Germany.

viz, a line of steamers to ply from the capital of the province of Para to that of the Amazon, and another to ply from the last-named place up to the port of Nauta, in the Republic of Peru.

On the 1st of January, 1863, the service of the company was inaugurated by the steamer Marajo, expressly constructed at the Pont d'Arca, in Rio de Janeiro, which sailed from Para for Amazonas, under the command of a distinguished officer of the Imperial navy.

A new contract came into effect on the first day of the following January, and imposed upon the company, besides the continuation of the service of the two lines before referred to, the creation of two more, viz, a third from the capital of Para to Bayao, in the River Tocantins, and a fourth from the capital of the Province of the Amazon to Santa Isabel, in the Rio Negro.

The company were also required to undertake the heavy responsibility of establishing twelve European colonies on the banks of the Amazon and several of its confluent, the Government in compensation conceding 140 square leagues of land, in proximity to the banks of the said rivers, and on those of such others as the Company might select.

The contract entered upon the fulfilment of their second contract, and in order that it might be as faithfully carried out as the first, and because the steamer Rio Negro had suffered serious injuries at Sarapa, five new steamers were constructed for the service and sent to Para.

On the 12th of April 1862, three more lines were erected by virtue of a contract with the Government of Para for the steam navigation of that province, viz, a line to Cayes, a second to Itacana, and a third to Soare.

It would appear from the report of Baron Mau that the number of passengers conveyed up and down the Amazon by the steamers of the company during the last ten years has been 39,292, the revenue from this source for the same period amounting to £65,587 sterling.

FRAUDULENT TRADE MARKS

Importance being attached by the commercial public to the protection of trade marks, not too frequently fraudulently imitated, it is of interest to notice that an interlocutor has been obtained in the law courts of Germany.

against Messrs. Deetjen and Schroder, of Hamburg, who are alleged to have been for some time in the habit of supplying several foreign markets with bottled malt liquors, bearing imitations of Messrs Tennent's labels.

How (not) to Encourage Emigration.

England on one memorable occasion expected that every man would do his duty, nor was she disappointed, as the result showed. President Mitre expects that 50,000 emigrants will come to this country, which proves President Mitre to be of a sanguine and confiding disposition, as he is very likely to be disappointed.

We flatter ourselves that the Standard is read by a few thousand in Great Britain, and we ask, what must they think of a land where the arm of the law cannot pass a certain fictitious boundary, and seize culprits? When they read, mail after mail, of atrocious murders and robberies going unpunished, because, forsooth, the blessed Success de Paz are too busy feathering their nests to leave leisure to attend to their duties.

Curious Data.

The American Minister-at-War has published the following strange particulars of the war. Since the commencement of the present struggle there have been distributed 1,570,576 muskets and infantry rifle carbines, 327,170 cavalry carbines and pistols, 271,817 cavalry carbines, 1,745,486 balls and grenades for artillery, 50,945,015 lbs of lead musket bullets, 2,271,490 artillery cartridges, 378,587 104 musket carbine and pistol cartridges, 715,036 470 pistols, 13,971,073 lbs of powder, 1,980,320 infantry uniforms, 198,294 cavalry do. At the bombardment of Fort Sumpter it was calculated, from the number of Confederates killed, that it required something like 5,000 lbs of powder and 13,000 lbs of metal to kill one man. Hard diers they must have been.

Another Outrage at Flores.

An officer of the line was attacked, on Thursday, by three of the banditti, and robbed of everything he had: this happened at 2 o'clock in the afternoon, near the Rivadavia Quinta, Calle Arca, Flores. PERRO.

LOCAL EVENTS.

Ball in Moran.—To-night there is to be a grand ball in Moran, to be held in the saloons of the Municipality. We would advise any gentlemen going there to provide themselves with a small collection of shooting-irons as the roads are anything but safe, and if attacked they are likely to be stripped of their ball costumes.

Church Festival.—To-morrow there will be a grand function in the church of Santa Domingo in honor of Nuestra Señora de la Misericordia. A sermon will be preached by Señor Feliciano Moro, and in the afternoon there will be a procession in the streets proceeding from that church.

Thunderbolts.—These meteorolites seem to have been going loose on Sunday night, for besides those we mentioned previously, another fell in the quinta of Señor Echeñique in San Jose de Flores, but did no damage.

Markets.—On the 7th inst., the following produce has entered the various places of this city:—Cows 811, horses 67, calves 132, sheep 644 dozen, horsehair 61 arrobas, feathers 24 lbs, mares' grease, 53 arrobas, maize 30 fanegas, sandias 1200 do., melons 3000 do., firewood, 16 cartloads.

Electricity.—Like Holloway's Pills, electricity has, of late, been banished upon as a panacea for all the ills that flesh is heir to; and the guardians of the Church of San Telmo have determined upon trying its efficacy on a large scale. The lightning conductor of that church is broken in such a manner, that should it be struck by lightning, the electric fluid will descend to the public Free Hospital, and it will be a case of kill or cure with the patients.

Great Southern Railway.—We notice the arrival of a large consignment of railway materials including 1 waggon and 2 engines, for St. Crawford, Esq., agent of Messrs. Peto, Betts, per Danish brigantine Catherinea from London. The same vessel brought 162 rails for the Western Railway, but our unfortunate paper currency has to pay for these.

Deputies to Congress—The Provincial Chambers have ratified the election of the Cocido candidates: Sres. Manuel Ocampo, Marcelino Ugarte, Emilio Conesa, Francisco Elizalde, José M. Gutierrez, and Juan Chas-aing.

Another Robbery On Tuesday, at 5.30 a.m., a rufian was found to have broken into the house, 245, Calle Uruguay. The police being called, succeeded in disarming him of a two-edged blade, and took him in arrest, but it seems there was no more about the matter—'Nacional.'

BY CHANGE. April 8. Patatoes sold 272,043 First price 29 Following 23 05 29 Saturday 9th April 28 95 29 Various dates 29 05 28 75 Closing price 29

Specie still looks downward: potatoes to-day opened and closed at \$29 but were sold for the end of the week at 28.95, and the tendency is evidently to fall. The non-arrival of the steamer from Liverpool, 10 days overdue, causes surprise, but the Stella will probably bring news to-morrow. There is a difference of opinion about the alleged robberies in the suburbs: some think the accounts greatly exaggerated, and it is even said that Sr. Riestra privately contradicts the statement of the Nación Argentina, that his quinta was fired into. The French merchants also contradict our report about Caumartin, and say that nothing whatever is known of him, but he is supposed to be still in B. Ayres. The Music hall was not much spoken of, but by way of musical information a friend requested us to inform the Portenos that Minc. La Graux has been engaged at Covent Garden. The news of rain in all quarters of the camp was well received. We were asked, by several, whether the National Finance Minister is really going to burn any surplus currency, but the question is difficult to answer.

The only freight spoken of, is that by Messrs H. A. Green and Co., of the Dutch brig Cornelia for Antwerp bales 20s. & 5 p. The Mestrey is expected to arrive on next Wednesday.

To Captains of Vessels, Merchants, &c.

The increasing number of shipping that is yearly arriving at this port, and the inconvenience which often arises both to captains and merchants for the want of labourers, stevedores, and reamers, has induced the undersigned to establish an office for the providing vessels with men of this class, which will greatly facilitate the shipping interest, as it will also act as a preventive against the innumerable which heretofore has been the cause of so much dereliction on the part of seamen. Screws, Steelyard Quantils, &c., always on hand, and at moderate prices.

Colonel Gates, of the United States' Army.

Says that during his campaign in Mexico he would rather retire to his couch without his sword than a bottle of 'Radway's Ready Relief.' It was the only medicine he used through the Mexican campaign. General J. Hobart Ward, of the Army of the Potomac, first became acquainted with its virtues in Mexico, and always keeps it in his camp. In sudden attacks of diarrhoea, dysentery, pain in the bowels, head, stomach, or in cases of rheumatism, neuralgia, or wounds, cuts, bruises, or sore throat, influenza, hoarseness, Radway's Ready Relief cures inno diately. Let none who value health and safety be without it.
