SAVINGS BANK BANK MAUD & CO.

No. 103 calle de Cangallo. — BUENOS-AYRES.

The immense advantages of Accounts Current are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence.

The Bank of Maud & Co. in Montevideo has already provided for the working class in that city a safe & profitable depository for their savings.

The sums deposited in that most important institution are daily increasing and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness or old age, instead of spending them in the immoral gambling, in lotteries and other rivalities.

The Bank of Maud and Co. of this city following the example of their Buenos Ayres September 19th 1863.

p. p. Maud & Co. WILHELM LESLIE.

CONDITIONS.

- 1st. The Bank receives at interest any sum from Twenty five dollars currency or one silver dollar upwards.
- 2nd. The interest allowed is six per cent (6 p 100) per annum which is liquidated every six months.
- 3rd. The depositor can at any time retire the whole or part of the money deposited.
- 4th. Once the amount deposited exceeds Twenty five thousand dollars currency or one thousand dollars silver the depositor if he wishes can open an account current according to the rules established by this Bank.
- 5th. In case the depositor loses his Pass Book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers.

ENGLISH GRAMMAR SCHOOL, CALLE LARGA DE BARRACAS.

Dir.—Mr. PONGERARD, of the London University College.

This Establishment, which from its foundation has been patronised by the principal British families of Buenos Ayres, is an exact reproduction of an English School, where a sound commercial education is combined with the acquisition of the French and Spanish languages.

An over-watchful and constant supervision, and a strict maintenance of order and propriety, are a sufficient guarantee that the morals and behaviour of the pupils are carefully attended to.

The different branches taught in the English Grammar School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Ball game Instruction.

Extra branches, such as Latin, Mathematics, German, Music and Drawing, are also taught by special masters.

The situation of the English Grammar School, in one of the most delightful Quarters of the Calle Larga de Barracas, at the very gates of the city, is one of the most beautiful and picturesque of the environs of Buenos Ayres.

For particulars apply for prospectuses at the Standard Office, Calle Bolgrano 74. Dr. P. PONGERARD.
