Tonnage of Buenos Aires. It is a surprising fact that the tonnage and number of vessels trading with this port are completely at variance...

The Liverpool steamer, 23rd of March, will be due next week. The French steamer, with later dates, may be expected on Thursday, 28th inst.

The works of the Western Railway are now being carried on with vigor and the station at that place all but finished...

Session of Deputies. Session without Convulsion. The Elections Confirmed. Candidates Design in unison.

Great was the excitement yesterday in cake shops and at street-corners about the destinies of Buenos Ayres. Some people feared an objection of Governor Saavedra and his whole administration...

Before the appointed hour yesterday another dense crowd filled the streets, but the Crusades stopped stronger than on the day before. Messrs. Vignani, of Calle de la Piedad, went by the Chamber's entrance in two coaches showing wreaths of flowers to the Ochocho or Pueblo's party.

According to our prediction, the great matter was settled by amicable means, and the 'entente cordiale' restored.

Street outrages are on the increase, and the town is in greater alarm than if under Martial-law. It is useless for clubs to appear a somewhat incredulous and tax us with exaggeration...

The old nobleman of Quariter St. Germain, instead of passing his early years in the practice of 'finesse' and 'bolos' on the Argentine plains...

The idiosyncrasies of Montecristo, for such was the nom de guerre he assumed, soon showed themselves in a remarkable manner. Although a proprietor of a very limited fortune he began public life by the most princely acts of misfeasance.

An evil hour he went to Parana, and there passed himself off as Colonel Waldino Urquiza, declaring that he came on a special mission from his father the Governor. He was feted and serenaded with all honor...

The works of the Western Railway are now being carried on with vigor and the station at that place all but finished, so that there is every probability we shall have it opened so far to traffic on the day of Independence (25th of May).

One of our subscribers has called to offer the services of a most able lawyer in behalf of Mr. Flower, in case the same be needed. We cannot say how the case stands, further than the assurance lately given us that our injured countryman will be liberated this week.

To-morrow will be the feast of St. George, patron of England, whose name to often led the arms of Alton to victory. At present the heroic tidings is almost forgotten, and except a 'stay dinner' at N. York or London, there is nothing to remind Englishmen of the day.

Messrs Moore, Punch, and Tudor are very indignant about our mention of Danville's whiskey, adding that we were not authorized to all we know is this, the whiskey is good, and came from their house, and it having been certified by them, we intended to do them a service although the present was not from them.

One of the most edifying things lately done by Government is the appointment of Padre Curcio to preside over the National College of Concepcion. This clergyman we understood did not leave Padre Rios or Montevideo in the odour of sanctity, if we believe the statements published in reference to his pistol-interview with the equally famous Camargo.

been struck on the hat with an orange-rod. Dr. Acosta. The 'Tribuna' editors looked charming, and smiled with untiring pleasure at the success of their efforts for cordial pacification.

The ceremony commenced by reading a list of the articles which had gained prizes, and the decision of the jury. This being finished, Don Manuel Herrera y Obes, President of the Uruguay-Department of the Exhibition delivered a discourse upon Modern Economy, and exhorted his hearers to turn their whole attention to fostering native industry.

The Irishman stabbed by the mutalito in the street, was called, and the devotee stated that he had been accidentally locked in, while in deep prayer. The gentleman who saw him seized the gate, insisted on his arrest, but not knowing whether he was numbered or not.

SAVINGS BANK BANK MAUD & CO.

No. 103 calle de Cangallo. — BUENOS-AYRES.

The immense advantages of Accounts Current are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place their most confidence. The Bank of Maud & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings.

The sums deposited in that most important institution are daily increasing and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness or old age, instead of spending them in the immoral gambling, in lotteries and other frivolities. The Bank of Maud and Co. of this city following the example of their
