EDITORIAL TABLE.
We have no political views for the pocket edition; it would be well if Argentina could learn the past fortnight an unexpected lesson in their history.

STATE OF THE PROVINCES.
The event of most importance for the Province is the one brought by the late steamer of the happy termination of the difficulties which appeared to beset the Great Central Railway.

THE WORKMEN ON THE TEAS.
The workmen on the tea sails of subaltern already made, are at work on the cables, and the steamer is already finished, leaving only two to make to put this portion of the line in a state to receive the rails.

THE DISABLED ANGLO-ARGENTINE VETERAN.
Michael Morgan, is likely to receive more from private sympathy than Government reward; after a day of 30 years the War office gave him 200 paper dollars (20 shillings).

THE ARRIVAL OF THE 2ND BATT.
The arrival of the 2nd batt. infantry from Martin Garcia, yesterday, caused a stir in town. They arrived per Pampero, and landed on the mole in excellent order, amid the felicitations of a motley crowd.

YESTERDAY A SOLDIER WAS CARRIED ON A stretcher apparently dead, by his comrades, through Calle Cangallo. His face was covered, but he still wore his 'kepi'; we have not heard any particulars.

Coronel is happily delivered from her insatiable troubles. The government of Mr. Ferrer is firmly established and all opposition has ceased; and the enthusiasm which will be created there by the favorable news in reference to the railroad will tend indubitably to allay past feeling.

THE DENISH CONSUL HAS FAVORED US with a copy of the blockade regulations of some part of Denmark, but as we do not understand High Dutch, much less Danish, we are at a loss as to the nature of the specifications.

THE GOVERNMENT HAS NOT YET DECIDED for the National Exhibition, but we have strong hopes it will soon do so, as the eminent Minister of the Interior approves the idea.

THE 'PEOPLE' EXAGGERATED THE number of what it calls 'assassinations' (killing at election riots is not generally, called murder but manslaughter).

THE GOVERNOR DELEGATE OF SANTA FE, Mr. Ovando, has just returned to the capital of the province after a long and fatiguing visit to the Department of Rosario, where his presence has been of great service.

THE NATIONAL GOVERNMENT HAS COMMENCED operations on the route in the province of Entre Rios. It is a large amount of material for arborescent wells, to be bored along the roads in Rioja where traffic is hindered by want of water, has been already despatched from Catamarca, commissioned by the Government to inform on the practicability of opening new roads, has made very voluminous reports.

THE POLITICAL AFFAIRS OF THE PROVINCES are becoming more satisfactory. In the principal provinces everything is quiet and orderly; Catamarca only remains a few hot spots on the fair face of the Confederation. The disgraced government of that beautiful province still remains in power; and the people formerly industrious and happy, are fast subsiding into an abject and indolent slavery.

THE SUGAR CROP OF BUENOS AIRES HAS BEEN UPGRADDED TO ONE HUNDRED THOUSAND arrobas, or twenty five thousand hundred-weight. The sugar produced is equal to the best white Pernambuco, and sells at twelve dollars the quintal.

THE GOVERNMENT HAS NOT YET DECIDED for the National Exhibition, but we have strong hopes it will soon do so, as the eminent Minister of the Interior approves the idea.

IF IT MAY NOT BE ADMITS TO explain to our readers that the Catholic Church holds baptism to be valid, whether conferred by priest or layman, Christian or Mahomedan. Yet in the case of Protestants a doubt always arises as to whether they do not hold the necessity of baptism for salvation, and their clergy-men are not in all cases particular about pouring water on the neophyte's head. For this reason Catholic converts are conditionally baptized.

A number of inflammatory harangues were delivered over the grave, and it was feared that a dangerous excitement of feeling would be exhibited. Today and to-morrow, will, perhaps, pass off quietly, but we fear serious disturbances before the end of the week.

ENTRE RIOS.
We have received our usual files of newspapers from Uruguay, but, as usual, contain little or no news. Captain General Urquiza intended giving yesterday (25th inst.) a grand banquet at his house of San José in honor of his successor. All friends of his Excellency, without distinction or special invitation, were requested to attend.

INDIAN INVASION.
The Indians have again invaded our frontier, coming down on Colonel Machado's land, at Queven Salado, not very far from Azul; it is said the Colonel overtook them and recovered 300 head of cattle. Major Ortiz writes from Sauce de Urubí, complaining of the justice of peace refusing him assistance against the savages. The one is Grulo, the other Cocido, and the Indians laugh at both.

SLEEPING.
It urges anything but well for shipping interests in connection with the River Plate, the fact of during the past month no fewer than twelve vessels have left this for foreign ports with valuable cargoes of Martin Garcia, and other 16 are on the point of following their countrymen. Some of this latter lot have been in these beautiful waters since 8th Nov. last, and as every facility is given to make their return in this port as long as possible, shipowners in England need not complain of want of a port where their vessels can lay snugly at anchor doing nothing, but costing money.

REIGHTS.
England—Several charters have been let in the Uruguay, and higher rates have been paid. In this port there is not much offering for reeds on the berth, the steamers having the preference. Antwerp—Sailed hides for ballast are being taken at 6 per cent. per ton. Dry hides are very scarce. Bales are offering freely. France—Great dullness prevails in shipments for the French ports.

United States—There is a great fall-off in engagements for this destination...

LOCAL EVENTS. Important from California—We take the following from the 'Nacion Argentina'...

Sharp Justice—On Saturday night the Pueblo announced that Colonel Garcia had been dismissed...

Safely Concluded—The 'Nacional' of Saturday night says 'Last night there was an attack made upon the depot of the regiment under Commandante Grigera'...

San Juan—The 'Nacional' has the following for the truth of which we cannot vouch...

Arrests—On Friday night, two individuals, called Sandoz and Lima, were taken to the police office charged with driving in a carriage along Bolivar...

Prisoner from the Camp—On Saturday evening a prisoner was brought in from the camp to the Cason Hotel...

The Bolivian Chile Question—The rupture of relations between Chile and Bolivia and the refusal of Peruvian intervention have seriously displaced Peru...

The Barilo Oriental—There seems to be now every probability of this nefarious war being at last finished...

ON CHANGE. The Boles is not free from the general uneasy feeling, and specio rises...
