applying to the Dutch Consul and procuring an order from the Minister of Government for the burglar's arrest...

Onstage on two Englishmen. We have been informed of a gross insult offered to two young English gentlemen by the authorities of Banda Oriental...

Money Well Spent. We extract from the Governor's message the following items, which reflect the greatest credit on Governor Savaderra.

Our readers will agree with us in saying that the million of dollars expended in building churches for public worship and roads and bridges is money well spent.

Governor Savaderra may be abused by a certain class of politicians, but it is now our duty to call the attention of our readers to his praiseworthy efforts to improve the province over which he has been called to rule.

We trust that he will turn his attention to reforming the abuses in the camp, which we regret to say are daily increasing.

Table of well spent provincial money: For building the municipal house and the Juzgado de Moron (\$35,000), For the church of Trinidad (\$20,000), etc.

The Mayor's Table. The Mayor left this port with the English mails on Friday evening, taking among her passengers, Capt. Bruce, Mr. Holly Hudson (late American Consul), and his lady.

Mr. Wells will make his ascent to-day, weather permitting, from Plaza Victoria, and the fact will be announced to the city by some rockets let off by order of the Municipality. It is said he will take commissions for the Banda Oriental, and we wish him a safe voyage.

The news of the definite arrangement of the railroad was received there with rejoicings. The mines of San Juan are becoming richer every day. A very respectable amount of silver is now got out, most of which finds its way however to Chile.

There is a good deal of excitement in Buenos Ayres in reference to the trans-Atlantic railroad direct from that city to the Pass lately discovered by the great engineer, Mr. Mieggs; but after all, an examination of the map will show clearly that Mr. Mieggs' scheme to carry a road through the upper provinces, across the Andes at the pass of San Francisco, and join it to the Ca-

piozo road, already constructed, is much the most feasible of the two. To return to the Libertad. The northern frontier of this province has been perfectly secured against all future depredations of the Indians.

The great military road starting from a point opposite Corrientes, and running in a direct line to Santiago del Estero, has been surveyed half way and the native tribes, through whose territory it passes have not only not molested the surveying party, but have offered them every assistance in their power.

In the capital of this province the office of Governor, unlike other provinces is going abeyance. The finances are in a flourishing state, and all the different Departments administered with prudence and economy.

Patrons are going up. They opened to-day at 28.50 and closed at 28.55. Cash sales, 133,280.

Business in specie to-day was rather active, but in produce, with the exception of 6000 salted hides, at 8 1/2 reales, there was nothing done, as merchants were waiting their letters at the Post-office.

Nothing of great note has occurred in the provinces since the date of our last review, although that period has not been unmarked by events of considerable importance.
