FOREIGN AMATEUR RACING SOCIETY

During the last few days an advertisement appeared in our columns, to the effect that it was proposed to revive the old English racing club, and that all friends were invited to attend on Tuesday evening at the Casa del Progresso.

At 8 o'clock there were 20 gentlemen assembled, among whom we were glad to note some of our oldest sportsmen and several Irish estancieros who came to enrol themselves in the turfing fraternity.

For instance the clause which forbade native riders often prevented native owners from lending their races, and the horses possessed by English residents were sometimes few.

Several gentlemen next came forward to bid themselves for a certain number of horses to be entered at the next meeting.

Several gentlemen next came forward to bid themselves for a certain number of horses to be entered at the next meeting. Most engaged for one horse, but a few for two or more, making up a total of twenty-two races.

The materials being placed on the table, a round of toasts was given. The Foreign A. B. Society revived. The new Committee. 3d, The old friends and originators of the Society.

210 dollars per ounce, instead of 450; and this calculation is based solely upon the estimate of one staple, without taking into account the great increase of other property.

What is the paper money of Buenos Ayres? Does it represent francs, roubles, or even dollars? Nothing of the kind.

Rosa was the inventor of these slips of paper called M/G; until that time they were known as bank bills repaid with race and sold to the public.

EDITORIAL TABLE.

Dr. Bourse of Montevideo has opened a subscription list for the U. S. Sanitary Commission in that city.

On next Sunday our German friends will give a concert in the German church, which as a matter of course will be well attended.

New projects keep teeming into Congress, the latest is by Mr. Regulo Martinez, who offers to establish a sort of imaginary specie currency.

Five years later, or that is to say, in December, 1859, there were two hundred and eighty-four millions emitted, two thirds of which, that is to say, one hundred and eighty-three millions, were in actual circulation.

Let us now take a glance at the value of the products of the country sold in paper money. In 1854 there was 28,710 bales of wool exported from Buenos Ayres at 34 arrobas each.

But let us pause, rather pertinently, what will become of the paper money if the sheepfarmers next shearing refuse to sell their wool, except in specie?

Again, let us look at the value of land during that epoch, 10, 16, 20, 30, 40 thousand dollars per league on the average.

Cattle have risen from 25 ds. per head to 80 and 100 ds.; sheep from 6 ds. to 10 ds. per head.

It is impossible to decide the paper money question, until the sheepfarmers must look to its relations with our imports; our exports, and our staples.

in now more than three months since the fleet has been paid. This is a great shame, if true.

We are authorized to state that a 'Standard' office is the sole agency in the River Plate for the sale of Consul Hutchinson's new work on the Argentine Republic.

The non arrival of the packet, left 'quintana' in a fit yesterday; there was very little stirring about town.

ENGLAND AND PERU

THE WHITE CASE

It will be remembered that Captain White, an English subject, brought claim against the Peruvian Government for £300,000 sterling.

The legs were to have been knocked from under our colleague's 'mesa de radiancia' some several days have passed, and the 'Tribuna's' Editor's 'Tale' has not appeared.

On Saturday the 9th inst. at 4:30 p.m., the pilot cutter 'Gablous' arrived at Montevideo, with the mate and two of the crew of the Brazilian brig 'Maria das Doves'.

SHIPWRECK.

The Brazilian steamer 'Delmonte' went down to the Bank on Sunday, but not a vestige remained of the ill-fated vessel to be found.

THE SPANISH COMMISSIONERS

The Peruvians got up all manner of absurd reports, about the captors of the Chinchas.

THE ROSARIO MAILS.

The Pavaon arrived yesterday with the 'Ferro-Carril' to the 12th inst. The ball on board the Fliry, last Friday, was very brilliant, and attended by all the fair damsels and fashionable young men in Rosario.

On Friday's 'function' will take place in Colon for the benefit of the Italian Hospital. Let us all go to help in so charitable a cause.

Don Antonino Garzon, Administrator of National Rents, died, after a tedious illness; he was quite a young man, will interfere on the part of the Rosario merchants.

We regret to find several complaints against the post office authorities, and it is said that the English residents have been obliged to abandon their subscriptions to the London News and other papers, owing to gross irregularities.

Mr. Carpenter is about to run a line of mail coaches from Chile to Rosario, He is making all arrangements at Santiago, and counts on a subsidy from the Argentine and Chilean Governments.

The 'Ferro-Carril' advocates the Grand colonization scheme, suggesting that the colonists of Patagonia should be Irish and Scotch, and those of the Vermejo, Italian and Basques.

The collection for the Cordoba Railway continues, over 1,400 shares being now paid for. The Dramatic Company is playing at the Esperanza Theatre.

It is said that Mr. Wheelwright actively supports the idea of an Exhibition at Rosario. Over 400 sacks of flour were shipped on the 11th for Buenos Ayres.

As answer to all these absurdities we have three positive facts. 1st That neither England nor any other power will interfere on the part of the Rosario merchants.

We regret to find several complaints against the post office authorities, and it is said that the English residents have been obliged to abandon their subscriptions to the London News and other papers, owing to gross irregularities.

This accounts for the recent moderation of the Peruvian Government, in not giving reprisals to the two Spanish barques which unknowingly entered Callao from China.
