A slight discussion arose about the rights of members to send the porter of credits, but the article was suppressed. It was finally left to the option of members how many they wished to propose...

The article, naming as Honorary President and vice, the President of the Republic, and the Governor of Buenos Ayres, was the subject for protracted debate. Dr. Obligado, junr., denounced the imposition of French titles...

Mr. M. G. Mutual proposed, as an amendment, that Don Bartolome Mitre be substituted for the President of the Republic, as honorary president of the Club...

The original article was put and lost by an overwhelming majority. At this stage the excitement was so great, that the chairman adjourned the meeting for a few minutes...

the open camp they have never known. The barracks they fear to be the scene of, but never respect him, they obey his orders not through respect of the laws...

THE LITERARY CLUB

The third preliminary meeting of the Circulo Literario, took place on Tuesday evening at the Chambers, Calle Cuyo, for the purpose of confining the adoption of rules...

The Argentine Government has paid the interest due on the Bonds up to the 1st of August, but has not as yet authorized the amount provided by law...

The Provincial Chambers were to have met last night in compliance with a public notice to that effect, but the probabilities are that there was no quorum...

There is an amusing discussion going on between Sr. Cataldi, who it is said has done more for this country than any one else, and the municipality. It appears Sr. Cataldi applied for a lottery privilege...

The poor Irishman who was attacked some weeks ago near the Villa Lunica, we regret to hear, is dying. The foreign public are anxious to know what has become of the prisoner.

The subscription list to the British Hospital has been sent us; we are obliged to hold it over until to-morrow. Great preparations are going on in San Fernando for the coming summer...

The next question raised was about payment of fees, especially that of entrance, but the committee was empowered to extend the term of payment for youths whose means would not allow immediate disbursement...

At the termination of the rules, the meeting proceeded to elect a committee. Dr. Albino was chosen President; Dr. Juan Maria Gutierrez, and Esteban Sagui, Vice-Presidents...
